

fibresales Fibre Optic SC(Male)-FC(Female) Simplex Adaptor

SC-FC Simplex Adaptor - SC Male to FC Female

fibresales SC-FC Simplex Adaptors are designed to secure a reliable connection between SC(m) to FC (f) connectors. With its high-precision ceramic sleeve and durable construction, it ensures stable and low-loss performance for a wide range of fibre applications

Applications:

- ▽ Fibre Optic distribution frames
- ▽ Telecommunications Networks
- ▽ Data Centre interconnections
- ▽ Test equipment and instrumentations

Features:

- Easy installation for long service life
- High precision alignment sleeve ensures excellent alignment.
- SC Male to FC Female interface
- Simplex design for single fibre connections
- Durable plastic and metal hybrid construction

Technical Specifications

- Connector Type: Simplex SC - FC
- Housing Material: Metal Body with Ceramic Sleeve
- Insertion Loss: ≤ 0.20 dB typical
- Colour: Blue
- Durability: ≤ 1000 Mating Cycles
- Compliant With ANSI, TIA/EIA, NTT JIS, etc
- **SKU: H-SCFC/MF**
